

WIN GREEN

WELCOME TO THE MAGICAL WORLD OF WIN GREEN!

As with many of our loyal customers, we first discovered Win Green whilst looking for gifts for our two children and their friends. We immediately fell in love with their beautifully hand-embroidered and appliquéd designs and recognised the uniqueness and high quality of their products. Since our first purchase several years ago, our children still, to this day, immensely enjoy “pretending” in their playhouse. When the opportunity came to acquire Win Green last year, we jumped at the chance!

Our playhouses are made from extremely durable hand-woven and hand-dyed 100% cotton and come in a stunning range of colours and designs. Each playhouse is beautifully crafted by our highly talented and skilled workers in India. Typically, each playhouse takes 15 sewing hours to complete and it is this attention to detail that makes Win Green's products so special. Over the last 11 years, the production of our playhouses has helped empower rural women in India to gain financial independence and support their families. Their expertise and enthusiasm has led to the tremendous success of Win Green.

We sincerely hope that your children enjoy their Win Green playhouse and accessories as much as our children do.

From our family to yours,

**The Sands Family
